Hiring Team
Phoenix Logistics, LLC
Oviedo, FL 32765

Dear Hiring Team,

I am writing to express my strong interest in the Software Engineer Intern position with Phoenix Logistics, LLC in Oviedo, FL. Currently pursuing a bachelor's degree in computer science at the University of Central Florida with an expected graduation date in 2025, I am eager to contribute my skills and knowledge to your team.

The role of Software Engineer Intern aligns perfectly with my background in software development, strong analytical skills, and proficiency in programming languages such as Java and JavaScript. My experiences as a Systems Support Analyst at Walmart Distribution Center and an Equipment Technician at Nemours Children's Hospital have equipped me with the technical and problem-solving capabilities essential for success in this position.

At Hybrid Enterprise LLC, I further developed my software development skills while working on troubleshooting, software updates, and quality assurance. I believe that my dedication to precision and my ability to collaborate with cross-functional teams make me an excellent fit for this internship.

I am enthusiastic about the opportunity to contribute to your projects and discuss how my skills can benefit Phoenix Logistics, LLC. Thank you for considering my application.

Sincerely,

Nicolas Hernandez
